Hello brothers and sisters and Heartdwellers family. I am so excited to share this vision and our first Heartdwellers event with you. t

This vision was given to me more than three years ago in prayer. We had organized a pro-life event outside at a park. There were many attendees and activities going on. The

main attraction was the Healing Room which was a prayer tent. I saw women entering the tent who have had abortions, lost their child or had a miscarriage. Then they were led by our prayer team into using their sanctified imagination to go enter into the memory of their pain and actually meet with Jesus and see their child. I saw many women breaking down crying and receiving so much freedom from the guilt and shame they carried. Then they were taken to the second part of the healing room where there was a prayer team ready consisting of 1 adult and one child in each row.

I saw all my siblings and my nieces and nephews there as well. When the women would come up to receive prayer the child would have their hands open to receive them first and say, "You are forgiven and hug them" and I saw many women breaking down in tears on this alone as they were hugged by the children and the adult who would pray over the women. It was such an amazing vision that I tucked away in my heart.

I decided recently to make a rhema card out of it and put it in deck of cards knowing that when I pulled the card out it would be the proper time for me to do this event. I pulled it the card at the end of December when I thought I was going to Ghana. I was so flabbergasted because I thought Lord I am leaving and how is this to happen. I assumed in the vision I had years ago I was in Texas because all my family and nieces and nephews where there as well

We discerned and the Lord made it clear that he wants us to do this event in Taos, I was even more blown away wondering how is this going to happen. However, when the Lord gives a vision and says to move forward with it, he brings all the pieces together and he has, I now have my family on board to be a part of this. Blessed Mother gave us the name of the event which is called "Life from Light" from

James 1:17 Every good and perfect gift is from above, coming down from the Father of the heavenly lights, who does not change like shifting shadows.

It is a free family-friendly and fun event to celebrate the gift of life that begins in the womb and we desire it to become an annual celebration. This event is an opportunity to bring mothers and parents together from all walks of life and lavish Gods' love on them. We want to touch mothers and fathers in Taos and the surrounding areas who carry the pain and guilt of aborting a child, losing a child or having a miscarriage experience God's freedom through the Healing Room.

We will provide free food and have a cotton candy and popcorn maker. Bounce house for the children.

There will be powerful speakers who will share their stories. Activities consisting of music, poetry/spoken word performers, were looking into getting a children choir to perform, intercession, face painting, and a balloon release where we will write a name on the balloon in remembrance of a lost child or aborted baby to let them know they are not nameless or faceless as we release the balloons to heaven. This event will help bring the reality of how precious life is and how children truly are a gift from the Lord to give expecting mothers much hope for the future. We will also provide goodie bags for every attendee and free t-shirts

The Goal and objective of this event is to bring healing to women and men who carry guilt, shame, fear, and pain from the act of abortion. To bring awareness of the sanctity and value of life. For all women to see the honor and value in being a mother. To have all attendees encounter the tangible presence of God's love

Why are we sharing it with you Heartdwellers because we are inviting each of you out to join us for this event. Many have desired to visit the refuge or even meet Mother Clare and the family. There will not be trips to the mountain this time however we would love to have all of you save the date and make this a family trip to come out and join us in this event. Also, we need you!
