

Then Russian Prime Minister Dmitry Medvedev escalated Russia's threat to declare war by warning about a new world war! He said, "The demands of some Arab countries to send ground forces into Syria risks starting a new world war."

Now, when I heard this I was just about to go into prayer and I asked the Lord. I said, "Lord, it seems like such a confirmation, the movement of 350,000 Arab coalition troops?"

And the Lord began, *"It is more than that, My Love, it is the death knell. Truly the signs are everywhere and this time it means business. As I have told you, I will not put this off again, it has passed the point of no return. As things come to a head, My Brides, I want you to press in praying the Divine Mercy prayer and strengthen yourselves for intercessory burdens, which I will allow. It may seem very dire and drastic to you, what I allow you to carry, but nothing is as important to Me as the last minute harvest of souls before I take you. Believe Me, your rewards will make you totally forget about what you suffered down here. Does not a woman forget the distress of the birth pains when she has finally given birth? Even so, you will forget the tragedies and distresses of this earthly life as I immerse you in My joy.*

*"Do not expect your crosses to get lighter and lighter as we approach that time. Rather arm yourselves with patience and faith, knowing that I foretold this time of suffering. Have you not offered yourselves to Me? Have you not said you want to co-labor with Me in the fields? Well, at this time in history, this is your part. You cannot rejoice over what you cannot see, so I am asking you to rejoice in your sufferings, for they are bringing a heavy weight of glory to My Kingdom as the lost come to Me - sometimes one by one, sometimes hundreds upon hundreds.*

*"Yes, conviction will be upon this battlefield. Not one Jew, Gentile or Muslim will escape conviction. If there is a body with a soul in it, rest assured it shall be convicted and perhaps allowed a millisecond to call on Me in the midst of the carnage."*

And I just wanted to make an aside here. He said that because there are now many laboratory humanoid bodies without souls trained and engaged for battle. They do not have souls, so there is nothing to bring conviction to. They are more like machines than actual humans.

He continued, *"As things come to a head, there will be much unrest in your country. Now will be the time to prepare for the conflagration that is coming. Focus on books and information to be handed out. This is your mission, to disseminate the truth. As you do this faithfully, as those who take over the ministry do this faithfully, I will provide everything they need. But they must be faithful to the apostolate of informing and praying for others.*

*"Your job here is almost done, Clare, almost done. Don't stress, rest. I will bring things to a swift and efficient conclusion.*
